

## Ysgol Tan-y-Lan Primary School

As the preferred furniture supplier to Swansea Council, we were appointed to supply loose furniture throughout Tan-y-Lan Primary School at Hill View Crescent, Clase.

The new Ysgol Gynradd Gymraeg Tan-y-lan was designed by Stride Treglown architects and built by Kier Construction. Accommodating 470 pupils from age 3 – 11, the school features an all-weather sports pitch and a multi-use games area, kitchen and sensory gardens.

We space planned all furniture, specified suitable ranges, advised on finishes and provided product samples. The team from the school and council visited our education showroom to benefit from product demonstrations and project meetings.
